## **CHAPTER 2 - DELIVERY PROCEDURES**

### **Unit of Delivery**

The unit of delivery for ALUMINIUM INGOT shall be in MTs.

### **Delivery Size**

Delivery is to be offered and accepted in lots of 2 MTs, Net or multiples thereof. A quantity variation of +/- 250 kgs or 2% whichever lower is permitted as per contract specification.

### **Delivery Requests**

The procedure for Aluminium Ingot delivery is based on the contract specifications as per Exhibit I. Accordingly, the window for acceptance of delivery requests will be open for 3 working days. The window will close 3 days prior to the expiry date of the contract. Members giving delivery requests for the commodities are not permitted to square off their open positions. A penalty of 5% of final settlement price on the position squared off will be levied on the Members violating the same. The Exchange would thereafter complete the matching process based on the location and by random, keeping in view the storage capacity of warehouse and Aluminium Ingot already deposited / dematerialized for delivery or any other factor(s) that the Exchange deems appropriate for completion of the matching process.

It may be noted that upon expiry of the contract, if any seller having open position desires to give physical delivery at a specified delivery center, then the buyer with corresponding open position as matched by the process put in place by the Exchange, shall be bound to settle by taking physical delivery. All open positions of those sellers who do not provide required information for physical delivery shall be settled in cash.

### **Delivery Allocation**

The Exchange would then compile delivery requests received from members as specified above. The buyers / sellers who have to receive / give delivery would be notified on the Expiry Date after the close of trading hours. Delivery of ALUMINIUM INGOT is to be accepted by buyers at the accredited warehouse where the seller effects delivery in accordance with the contract specifications.

### **Actual Delivery**

Where ALUMINIUM INGOT is sold for delivery in a specified month, the seller must have requisite electronic credit of such ALUMINIUM INGOT holding in

his Clearing Member's Pool Account before the scheduled date of pay in. On settlement the buyer's Clearing Member's Pool Account would be credited with the said delivery quantity on pay out. The Clearing Member is expected to transfer the same to the buyer's depository account. However, the buyer must take actual physical delivery of ALUMINIUM INGOT before expiry of the validity date as indicated in the quality test report/Assayer's Certificate of the Assayer or get the same revalidated.

### **Accredited Warehouse**

NCDEX has accredited warehouse for receipt and delivery of ALUMINIUM INGOT. Receipt and delivery of ALUMINIUM INGOT will be undertaken only from the accredited warehouse. The details of the NCDEX accredited warehouse is as per Exhibit 2. In case any buyer/ seller wishes to give/ receive delivery from the accredited warehouse, the buyer/ seller will have to be registered with Central Excise authorities for the purpose of availing CENVAT credit. Please be guided by our circular no.: NCDEX/TRADING-035/2005/081 dated April 07, 2005 in this regard.

### **Quality Standards**

The contract quality for delivery of ALUMINIUM INGOT futures contracts made under NCDEX Regulations shall be ALUMINIUM INGOT conforming to the quality specification indicated in the contract. No lower grade/quality shall be accepted in satisfaction of futures contracts for delivery except as and to the extent provided in the contract specifications.

### **Packaging**

ALUMINIUM INGOT should be packed in at the manufacturers end and accepted with the manufacturers test certificate. Each such bundle shall contain 1 MT of ALUMINIUM INGOT. The weight of each ingot within a bundle should be between 12-26 kg. Hence, two such bundles constitute 2 MT.

### **Standard Allowances**

Sample weight per validation of quality allowed will be maximum 26 kg on account of sample testing.

### **At the time of deposit**

The quantity credited will be the actual quantity delivered at after providing for standard allowances on account of sampling.

### **At the time of withdrawal**

The weight of lot delivered at the time of withdrawal shall be equal to weight deposited after adjusting for sample.

---

**The contents of this product note are subject to Rules, Byelaws and Regulations of NCDEX as in force from time to time and be read therewith.**

**Weight**

The quantity of ALUMINIUM INGOT received and / or delivered at the NCDEX designated warehouse would be determined / calculated by the weighbridge / weigh scale at the premises of the designated warehouse and the quantity so determined would be binding on all parties.

**Good / Bad delivery Norms**

ALUMINIUM INGOT delivery into NCDEX designated Warehouse would constitute good delivery or bad delivery based on the good / bad delivery norms as per **Exhibit 3**. The list contained in Exhibit **3** is only illustrative and not exhaustive. NCDEX would from time to time review and update the good / bad delivery norms retaining the trade / industry practices.

**ALUMINIUM INGOT Sampling**

Each lot being delivered at the accredited warehouse shall be accompanied by the manufacturers test certificate identifying/referring to packets. However NCDEX reserves the right to make any cross tests in which case such bundles will be treated as good delivery if sealed / striped again and accompanied with NCDEX approved assayer. The sampling will be done as per IS 2590 : 1987 .

**Accredited Assayer**

NCDEX has approved the Assayer for quality testing and certification of ALUMINIUM INGOT received at the designated warehouse. The quality testing and certification of ALUMINIUM INGOT will be undertaken only by the approved Assayer. The assayer details are given in the Exhibit **2** alongside the warehouses.

**Quality Testing Report**

The test report issued by the ALUMINIUM INGOT testing laboratory on the samples drawn shall be acceptable and binding on all parties. A specimen format of the quality testing report is indicated in **Exhibit 4**.

**Testing Procedure**

Testing for ALUMINIUM INGOT will be done as per Bureau of Indian Standard specification no. IS 2590-1987.

---

**The contents of this product note are subject to Rules, Byelaws and Regulations of NCDEX as in force from time to time and be read therewith.**

**Assayer Certificate**

Each delivery of ALUMINIUM INGOT at the warehouse must be accompanied by a test certificate from the manufacturer and should conform to Bureau of Indian Standard IS 2590-1987 specification.

The buyer may request testing for grade and quality for all deliveries. If the product meets grade and quality specifications, the cost of the quality inspection is shared jointly by the buyer and seller. If the product fails inspection, the cost is borne by the seller. Testing and quality certificate issued by NCDEX accredited Assayer for ALUMINIUM INGOT shall be acceptable and binding on all parties.

Testing and quality certificate issued by NCDEX approved Assayer for ALUMINIUM INGOT delivered at designated warehouse in Bhiwandi and at such other locations announced by the Exchange from time to time shall be acceptable and binding on all parties. Each delivery of ALUMINIUM INGOT at the warehouse must be accompanied by a certificate from NCDEX approved Assayer in the format as per Exhibit 4.

**Validity period**

Not Applicable

**Electronic transfer**

Any buyer or seller receiving and or effecting ALUMINIUM INGOT would have to open a depository account with an NCDEX empanelled Depository Participant (DP) to hold the ALUMINIUM INGOT in electronic form. On settlement, the buyer's account with the DP would be credited with the quantity of ALUMINIUM INGOT received and the corresponding seller's account would be debited. The Buyer wanting to take physical delivery of the ALUMINIUM INGOT holding has to make a request in prescribed form to his DP with whom depository account has been opened. The DP would route the request to the warehouse for issue of the physical commodity i.e. ALUMINIUM INGOT to the buyer and debit his account, thus reducing the electronic balance to the extent of ALUMINIUM INGOT so rematerialized.

**Charges**

All charges and costs payable at the designated warehouse towards delivery of ALUMINIUM INGOT including sampling, grading, weighing, handling charges, storage etc. from the date of receipt into designated warehouse upto date of pay in & settlement shall be paid by the seller.

---

**The contents of this product note are subject to Rules, Byelaws and Regulations of NCDEX as in force from time to time and be read therewith.**

## ALUMINIUM INGOT Product Note

---

No refund for warehouse charges paid by the seller for full validity period shall be given to the seller or buyer for delivery earlier than the validity period.

All charges and costs associated & including storage, handling etc. after the pay out shall be borne by the buyer. Warehouse storage charges will be charged to the member / client by the respective Depository Participant.

The Assayer charges for testing and quality certification should be paid to the Assayer directly at the delivery location either by cash / cheque / demand draft.

### **Duties & levies**

Since the price quoted for trades in ALUMINIUM INGOT on the Exchange is exclusive of central excise:

1. the seller will be able to claim the amount paid towards central excise over and above the quoted price only if the seller is able to pass on the credit to the buyer under the laws governing central excise irrespective of whether the buyer is entitled to claim or not. In other words, only manufacturers and first stage dealers registered under the Act will be able to claim central excise amount to the extent of amount specified in the Central Excise Invoice which will have to be handed over to the buyers.
2. The buyer who will have to be either first stage dealer or second stage dealer duly registered under the Central Excise Act in order to claim credit under CENVAT.

### **Stamp Duty**

## CHAPTER 3 - CLEARING AND SETTLEMENT

### Daily Settlement

All open positions of a futures contract would be settled daily based on the Daily Settlement Price (DSP).

### Daily Settlement Prices

The Daily Settlement Price (DSP) will be as disseminated by the Exchange at the end of every trading day. The DSP will be reckoned for marking to market all open positions.

### Final Settlement

The Final Settlement Price (FSP) will be determined by the Exchange upon maturity of the contract.

On expiry of the contract, the following types of open positions would be cash settled:

- a) Delivery information not provided.
- b) Unmatched delivery information

The open positions for which information have been provided for and have been matched by the Exchange, would result in physical delivery.

### Spot Prices

NCDEX will announce / disseminate spot prices for Aluminium Ingot relating to the designated delivery center and specified grade/ quality parameters .

### Dissemination of Spot Prices

Spot prices for Aluminium Ingot will be disseminated on daily basis.

### Pay in and Pay out for Daily Settlement / Final Settlement

For Aluminium Ingot the daily settlements will be as per the table illustrated below. As the FSP will be declared only on E+1 day the contract will be initially settled on E+1 using the Daily Settlement Price. Subsequently on E+2 after the declaration of FSP the difference between the FSP and the DSP will be settled. The buyer clients would have to deposit requisite funds with their respective Clearing Member before "pay in" on both the days.

Example : For a contract is expiring on 30<sup>th</sup> of a particular month (i.e. on E), the FSP will be available on the subsequent trading day (i.e.01<sup>st</sup> of the next month or E+1).
